Overview and Objectives

The Investit Academy LMS enables RE/MAX Offices to implement an online commercial training and certification program using the Investit Academy online “Raising Your Commercial IQ” video series as the foundation on which to build an outstanding commercial training program.

The overall function of the LMS is to provide online education, practice quizzes, proctored exams, and the recording of student grades and the issuance of a certificate upon completing the course requirements.

The objectives of this operating manual are to explain how to effectively manage and use and the LMS and answer typical questions that may come from RE/MAX realtors.

Videos

Videos and manuals on how to use the Investit Academy Learning Management System (LMS) is available at <http://guides.investitacademylms.com/>

Platform

The Investit Academy LMS uses Moodle which is the world`s leading open source learning management system with over 51,000 sites and 36 million users. Moodle is used by major universities, colleges and corporations to deliver online education and training.

Operations

The LMS resides on the Investit server and is maintained by Investit Staff.

Access to the LMS

To gain access to the LMS go to <https://public.investitacademylms.com/moodle/login/index.php> and enter your User Name and Password.

DEVICES

The Investit LMS can be viewed on all the popular devices such as a PC, Laptops, Android tablets, Macs, iPads, iPhone, Android Smart phone.

In the case of the iPhone an app must be downloaded. This can be done from the main LMS screen.

Attention Android, iPhones and iPad viewers

Roles and Privileges

The LMS offers the following roles. Each role has a set of privileges or actions they can take.

The roles are:

1. Candidates. Members of the RE/MAX office taking the educational courses
2. Manager(s) are assigned to the RE/Max office
3. Proctor(s) Primarily administers exams
4. Applicants. Someone wishing to join a RE/MAX office and take the competency test

Each role has different actions that they can take which are described below.

Each role has associated privileges as follows:

Actions	Manager	Proctor	Candidate	Applicant
Add a Manager	Yes	No		
Add a Proctor	Yes	Yes		
Add a Candidate	Yes	Yes		
Add an Applicant	Yes	Yes		
Set up exams	Yes	Yes		
Review exam grades	Yes	No	Yes	No

Notes.

Proctor. Is likely a RE/Max Office administrator. The major role of the proctor is setting up and administering exams and the competency test. A proctor cannot review the candidate's exam results.

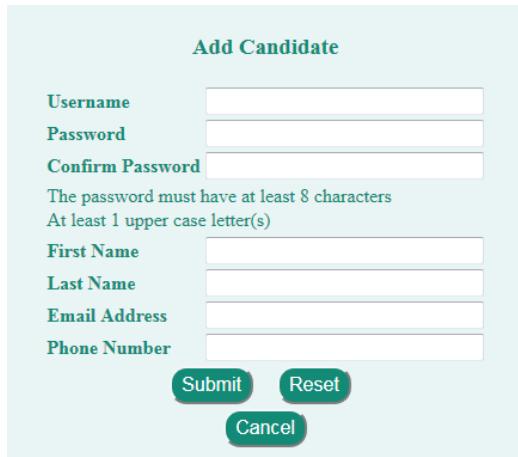

Applicant. Is someone applying to join a RE/MAX office or wanting to transition for residential to commercial sales. The competency test is used to assess their understanding of the basic terms and calculations used in commercial real estate.

The applicant has no privileges. The competency test is set up by the manager or proctor. The applicant does not receive the test results which are only available to the manager.

Enrollment

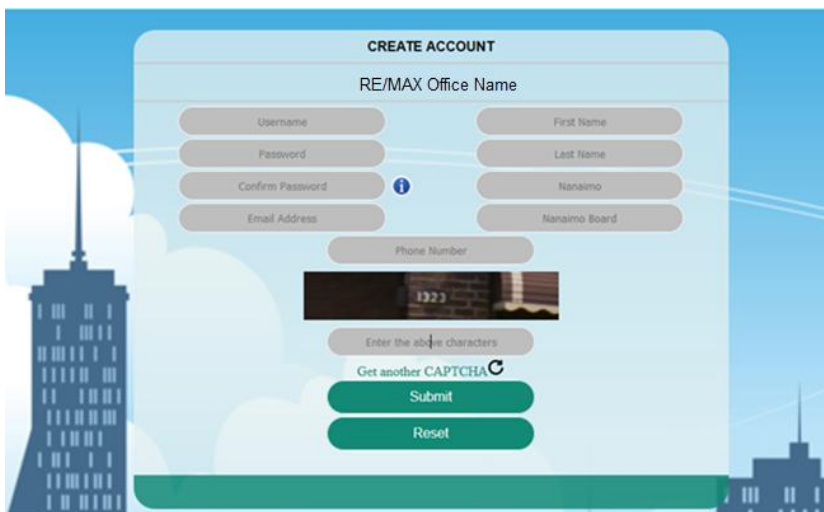

There are two ways that a RE/MAX office can enroll candidates (realtors).

1. The manager or proctor manually sets up the candidate
Once the “Add Candidate” form is complete the candidate receives an email with their “User Name” and “Password” and the link to the login page for their office

The screenshot shows a web form titled "Add Candidate" with a light blue background. The form contains the following fields: Username, Password, Confirm Password, First Name, Last Name, Email Address, and Phone Number. Below the Password field, there is a note: "The password must have at least 8 characters" and "At least 1 upper case letter(s)". At the bottom of the form, there are three buttons: "Submit", "Reset", and "Cancel".

2. The candidate or realtors belonging to the RE/Max Office can self-enroll. The RE/MAX office provides a link to the candidate to the Self Enrollment page for the office.

The screenshot shows a web form titled "CREATE ACCOUNT" with a light blue background. The form is for a "RE/MAX Office Name" and contains the following fields: Username, Password, Confirm Password, Email Address, First Name, Last Name, Nanaimo, Nanaimo Board, and Phone Number. Below the Phone Number field, there is a CAPTCHA image showing the number "1923". Below the CAPTCHA, there is a text input field for "Enter the above characters", a "Get another CAPTCHA" link with a refresh icon, and two buttons: "Submit" and "Reset".

After self-enrolling the candidate can view the videos, print the manuals, use the flash card packs, take the practice exercises and the mastery challenge tests and view their grades and progress.

Navigation

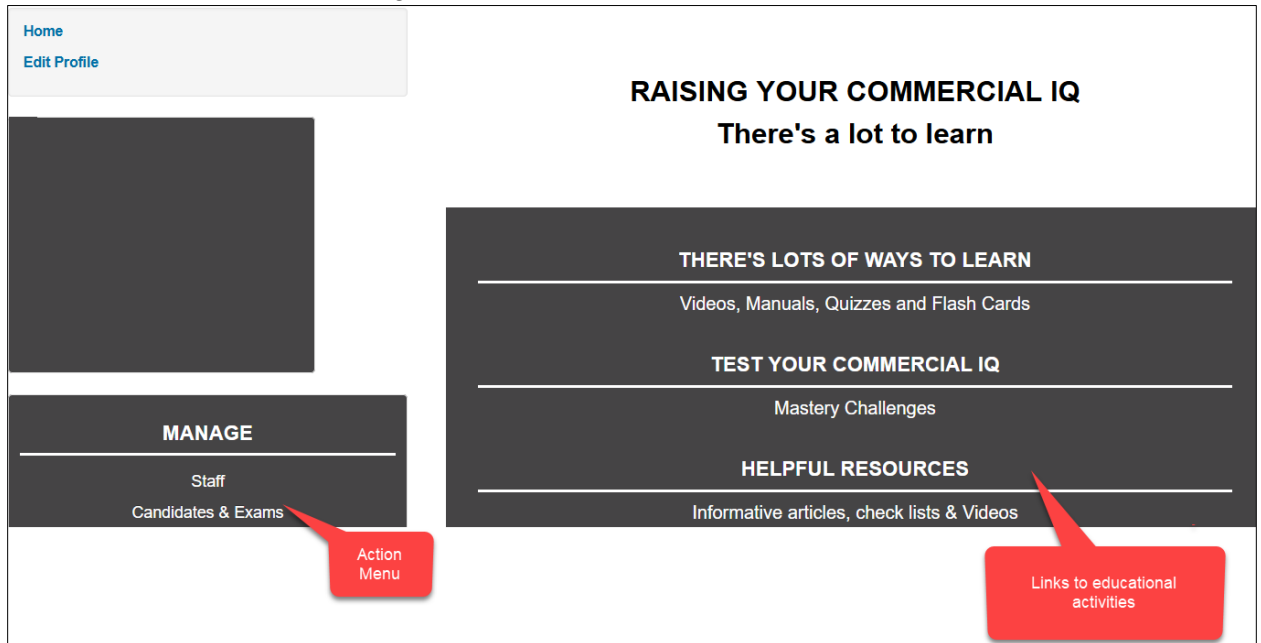

The LMS is very easy to navigate and use.

Home Page

There are two aspects to the Home page

1. Links to the various learning activities such as viewing a course video
2. Action menu for carrying out activities such as viewing a candidate's grade

Home Page

Educational Activities

The educational activities for each course include:

1. Course video and matching manual which can be printed
2. Micro Videos. Short videos of specific topics
3. Practice Quiz. Enables a candidate to test their knowledge and prepare for a course exam

To learn more about the educational activities use the LMS to explore the various learning activities.

The Commercial Mastery Challenge allows the candidate to test their knowledge of commercial real estate in specific areas.

The grade is recorded. They can use the Mastery challenge to check their progress.

Commercial Mastery Challenge

Use the following commercial mastery tests to determine how well you understand the basic terms and calculations used in commercial real estate.

How well did I do?

You can check your test grade. This will help you decide on what areas you need to work on and then take the test again and check out your improvements.

Who will see my grades? Only you

Mastery Test focus

The commercial mastery tests focus on the common basic terms and calculations used in commercial real estate. The mastery tests are not based on the "Raising Your Commercial IQ" video series

Courses and Certification

The LMS enables the "RE/MAX Certificate in Commercial Real Estate to be issued on passing the exams for the three core courses and one elective course.

Core courses

- 101. How to Analyze and Value Income Properties (3-1/4 hours)
- 102. Real Estate Investment Analysis (3-1/4)
- 103. Development Analysis and Valuing Land (4-1/2 hours)

Elective courses

- 201. Applied Real Estate and Lease Analysis
- 202. Creating & Profiting from Joint Ventures
- 203. Office, Industrial and Retail Leasing (3 hours)

The passing grade for each course is 75%.

Education and Training Activities

The education and training activities consist of:

- 1. Videos and workshop manuals
- 2. Practice quizzes
- 3. Mastery challenges
- 4. Investit Flash Card Packs
- 5. Exams
- 6. Competency assessment tests
- 7. Resources such as check lists and articles
- 8. A RE/MAX office can add additional educational content such as videos, articles, etc. To do this they need to contact Investit to do the initial set up for the additional content feature

Exams

To pass a course the candidate takes an exam using an office computer that is setup and supervised by the office "Proctor" or by the "Manager". Multiple candidates can take the exam at the same time but will receive different questions. For each candidate questions are drawn randomly from an exam bank of over 100 questions for each course.

The exam result can be viewed by the candidate and by management in the grade book but not by the Proctor. The results are emailed to the candidate and manager.

Exam rules

- 1) Time allowed: 3 hours
- 2) Basic calculator is required
- 3) Closed book supervised exam
- 4) Passing grade: 75%
- 5) Attempts. The Candidate or Applicant is only allowed one attempt at a time. If they exit before completing or complete but fail the Candidate or Applicant must request a new proctored exam

Exam Generation

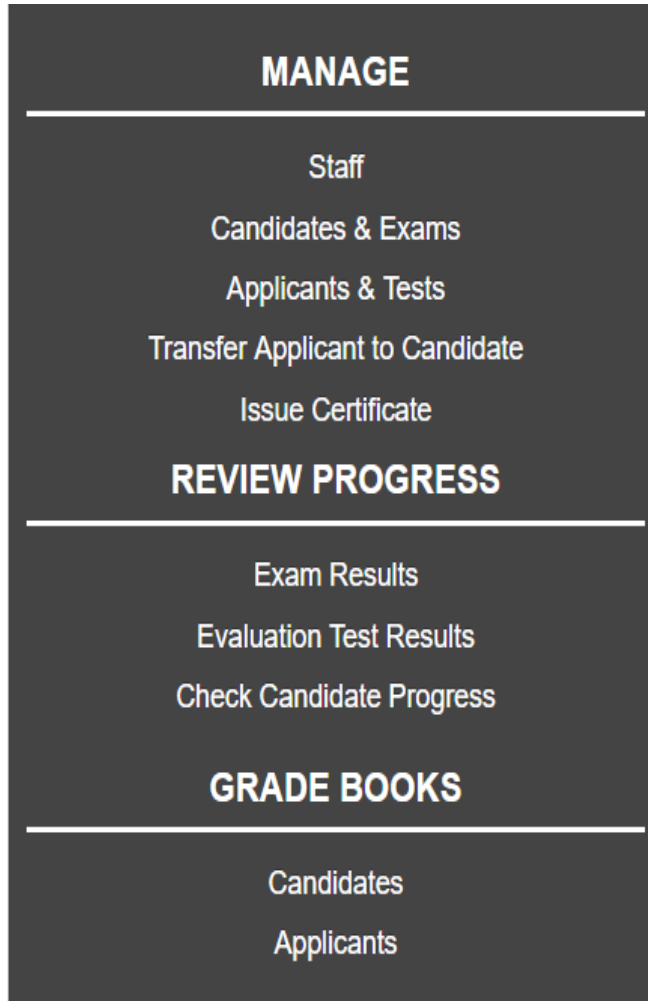

The Moodle LMS offers a number of features which allows a number of candidates or applicants to be tested together. Each candidate is presented with a different set of questions presented in a randomly generated order making it impossible to share answers and makes it difficult to memorize the answers ahead of time.

- 1) A specified number of questions are randomly selected and presented in a random order from a large Quiz Bank. Certain questions have been selected so that they always appear on an exam. The remainder are chosen randomly.
- 2) Questions that involve calculations such as ``Calculate the Cap Rate`` are generated each time using a different set of numbers. This means that candidates may see the same question such as ``Calculate the Cap Rate`` but the numbers being provided and the answer will be different for each candidate.

Candidates sitting side by side will not see the same questions because the questions for each candidate are being drawn randomly from the exam bank and presentation randomly.

Manager's "Action Menu"

Using the "Action Menu" a manager can directly enroll candidates, add proctors and managers, set up exams, review grades and progress by clicking on the appropriate button on the Action Menu.

The Manager using the "Action Menu" can:

1. Add additional Managers
2. Add Proctors
3. Add Candidates and Applicants
4. Transfer an Applicant to a Candidate
5. Set up exams
6. Review grades for all candidates and applicants
7. Re-issue certificates
8. Track progress
9. Re-send the email containing user's login information

Add Staff

A manager can add additional Managers and Proctors and display the staff list.

The image shows a web interface for staff management. At the top, a dark grey bar contains the word "Staff". Below it, a light blue box titled "MANAGEMENT of STAFF" contains three buttons: "Show All Staff", "Add Manager", and "Add Proctor". A red arrow points from the "Add Manager" button to a larger form below. This form is titled "Add Manager" and contains the following fields and instructions:

- Username**: Text input field.
- Password**: Text input field.
- Confirm Password**: Text input field.
- Instructions**:
 - The password must have at least 8 characters
 - At least 1 upper case letter(s)
 - At least 1 non-alphanumeric character(s)
 - Only symbols - _ ? < > *) (& ^ % \$ # @ ! are allowed
- First Name**: Text input field.
- Last Name**: Text input field.
- Email Address**: Text input field.
- Phone Number**: Text input field.
- Organization**: Dropdown menu with "RE/Max of Western Canada" selected.
- Office**: Dropdown menu with "RE/Max Office Name" selected.
- Buttons**: "Submit", "Reset", and "Cancel" buttons.

Once the form is complete the manager or proctor receives an email with their "User Name" and "Password" and the link to the login page for their office

Starting the exam. CAUTION

The candidate's exam should not be set up until the candidate has arrived at the location where the exams are going to be conducted.

The reason. Once the exam is set up the candidate can login and access the exam.

Setting up an exam ahead of time would enable the candidate to take an unsupervised exam and experience the exam questions. Not a good idea

Set the exam up when the candidate arrives in your office to take the exam

Proctoring a group

If you are proctoring an exam for candidates set the exam up for each candidate about 15 minutes ahead of time. When the exam was ready to start have each candidate login and click on the exam link to start the exam

If the candidate doesn't turn up it is very important to delete the exam to prevent the candidate from previewing or trying to exam later. The exam will automatically delete 3 hours after the start time.

Deleting an exam

To delete an exam, find the candidate, click on the first or last name, which will display the exam screen, click on the delete button

The exam has now been removed from the candidate's home page and is no longer available to the candidate.

Applicants & Tests

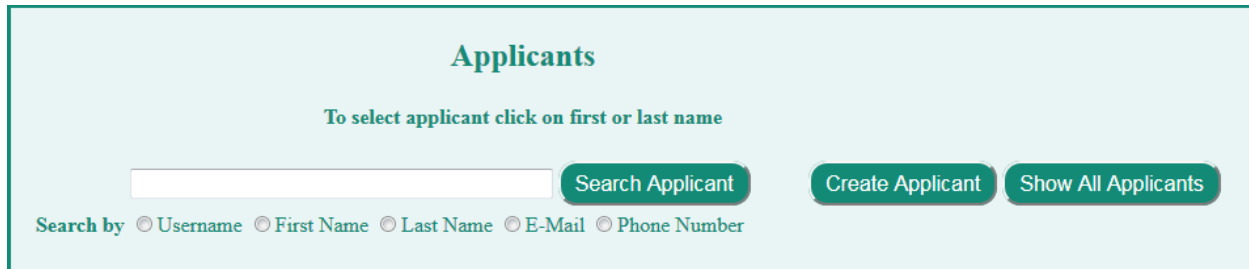

Applicants & Tests

An applicant applying for membership to join a RE/MAX Office and is required to take the “Competency Test” to test their knowledge of the basic terms and calculations used in commercial real estate.

An applicant cannot self-register. The competency test is set up by the “Proctor” or the “Manager”.

Setting up an Applicant

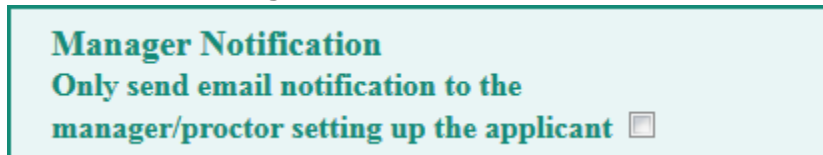

The first step is to create the Applicant or if the applicant has been created to search for the applicant. **Note:** Applicants cannot self-enroll

The screenshot shows a light blue box titled "Applicants". Below the title is the instruction "To select applicant click on first or last name". There is a search input field followed by a "Search Applicant" button. To the right are two buttons: "Create Applicant" and "Show All Applicants". Below the search field, it says "Search by" followed by radio button options for "Username", "First Name", "Last Name", "E-Mail", and "Phone Number".

The Create Applicant form is a standard form with a couple of checkboxes at the bottom.

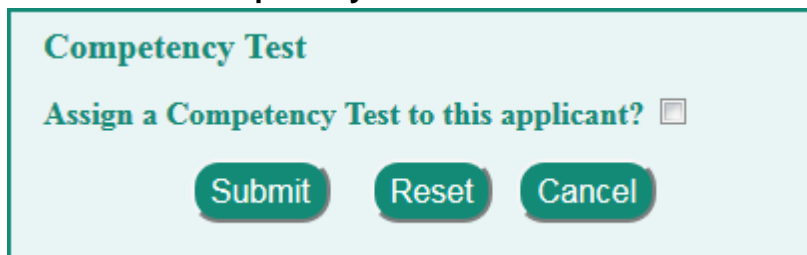

Checkbox 1: Manager Notifications

The screenshot shows a light blue box titled "Manager Notification". Below the title is the text "Only send email notification to the manager/proctor setting up the applicant" followed by an unchecked checkbox.

The first checkbox determines which managers/proctors will receive notification that a new Applicant has been created in the LMS. If selected only the manager or proctor setting up the Applicant will get an email notification. If it is not selected all managers and proctors will receive notification.

Checkbox 2: Competency Test

The screenshot shows a light blue box titled "Competency Test". Below the title is the text "Assign a Competency Test to this applicant?" followed by an unchecked checkbox. At the bottom of the box are three buttons: "Submit", "Reset", and "Cancel".

Select the second checkbox if you wish to setup the Applicant with a Competency Test immediately. The next section will explain how to setup a competency test at a later date if this checkbox is left unchecked.

When you select the checkbox a dropdown menu and another checkbox will appear.

The "Summary Grade Report" shows the course exam results broken down by question types.

This allows the manager or the candidate to decide if additional education is needed and in what area. In this example, the candidate didn't achieve a grade of 75% and need to take the course exam again. The areas needing more study are Leasing 35% and Engineering 54%. The candidate needs to review these areas in the Course 101 video, manual and micro videos and take the 101 Practice quiz before re-taking the 101 Course exam.

Applicant Grade Book

The Applicant Grade book is a little different than the Candidate Grade book. It contains all Competency Test results for both Candidates and Applicants.

Allows a Manager to view the Competency Test grades by:

- 1) Clicking on “Show All Applicants” and then selecting the Candidate or Applicant or by:
- 2) Doing a search for the Candidate or Applicant using “Username”, “First Name”, “Last Name” or “E-mail address”.

RE/MAX Certificate in Commercial Real Estate

When a candidate passes all the courses required for the Certificate in Commercial Real Estate the Manager(s) are notified by email with copies of several different Certificate designs attached.

The “Candidate” receives an email notifying them that they have passed all the required courses

The organization can decide on the best way to present the certificate and recognize the candidate’s accomplishment.

The certificate could be presented by the Manager at a weekly meeting or at an event such as a regional conference or received from the president. The accomplishment can be reported in newsletters, email blasts etc.

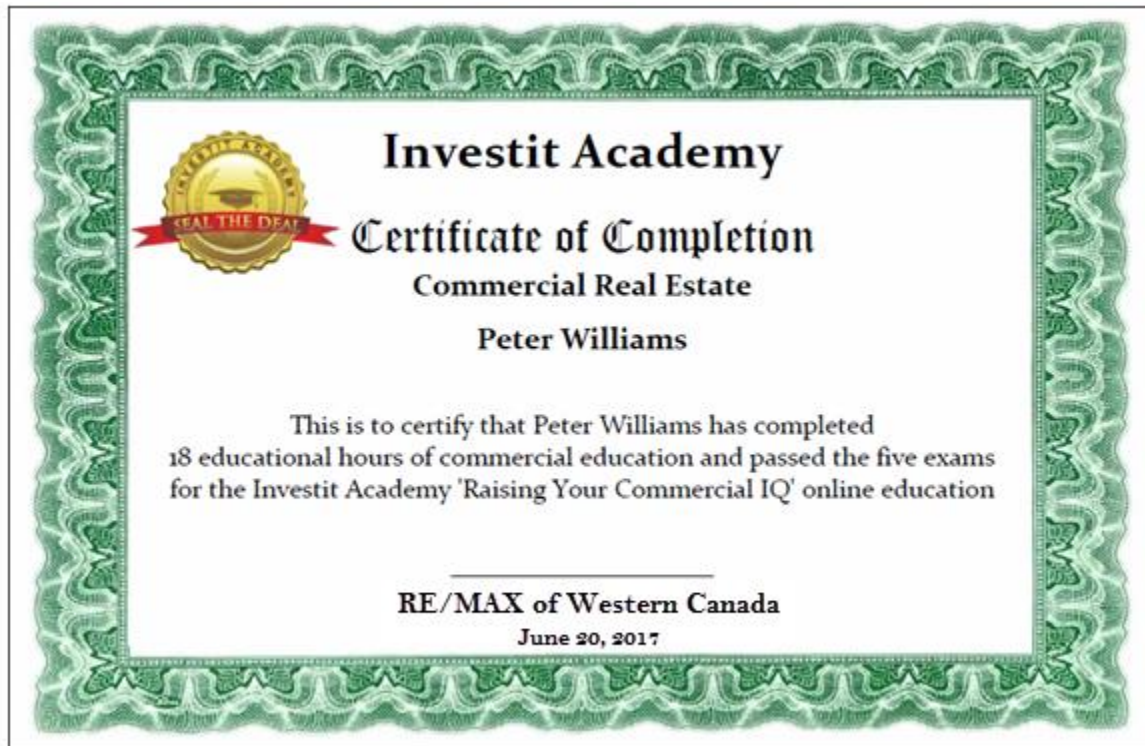

Certificate design options

The “Certificate Completion” email sent to the Manager(s) contains several different certificate designs and sizes allowing you to choose the best size and layout for your organization.

- 1) Portrait 8.5 inches wide x 11 inches high. No border
- 2) Portrait 8.5 inches wide x 11 inches high. With border
- 3) Small 8-1/2 wide x 5.5 inches wide. No border
- 4) Small 8-1/2 wide x 5.5 inches wide. With border

TIP. Staples Office Supplies offers a number of attractive and professional blank certificates that you can use.

Proctors

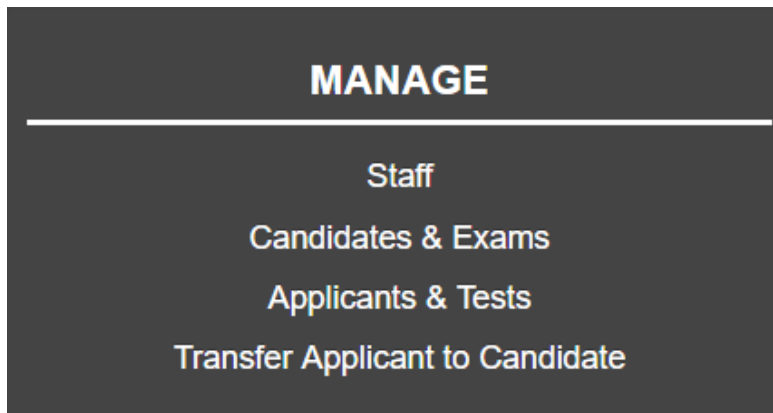

The actions available to the Proctor are limited to:

1. Adding or removing candidates
2. Setting up exams for a Candidate or an Applicant and supervising the exam
3. Adding additional Proctors
4. Transferring an Applicant to a Candidate

Because of privacy concerns the Proctor does not have access to the candidate's or applicant's exam grades.

The Proctor is most likely the office administrator or assistant to the manager and can add additional proctors and enroll candidates.

Password Recovery

There are two ways to recover or change a password.

1. During the login process

If the user has forgotten their password they can use “Forgotten password?” to recover their password.

To reset your password, submit your username or your email address below. If we can find you in the database, an email will be sent to your email address, with instructions how to get access again.

Using this process, the user can recover or reset the password and receives an email with the login information.

2. Manually recovering of a password

Our experience in dealing with passwords is that a user may call you directly to re-send their login information because they have forgotten their login information.

To do this:

1. Enter the LMS as a “Manager” or “Proctor” or a “Senior Manager”
2. On the action menu select either “Add Staff” or “Candidates & “Exams”

Staff	To locate a staff member
Candidates & Exams	To locate a candidate

3. Find the “Staff member” or “Candidate” by searching using ‘Search’ or use “Show All Candidates” and select the candidate from the candidate list by clicking on the “First” or “Last Name”

Change profile

A user can change their profile by logging in and the clicking on “Edit Profile”

The “User Name” and “Password” can be changed as well as contact information

The user can view their password using the “Unmask” password feature.

A screenshot of a profile editing form. At the top, a password requirement message reads: 'The password must have at least 8 characters, at least 1 lower case letter(s), at least 1 upper case letter(s)'. Below this is a 'New password' field with a question mark icon, a masked password input, and an 'Unmask' button. The form contains several other fields: 'First name*' with the value 'Neil', 'Surname*' with 'Osborne', 'Email address*' with 'nosborne@investitsoftware.com', 'Phone' with '604-988-9964', 'Organization' with 'Investit Academy LMS', and 'Office' with 'Investit Academy LMS Office 1'. At the bottom is a green 'Update profile' button.

Additional Content

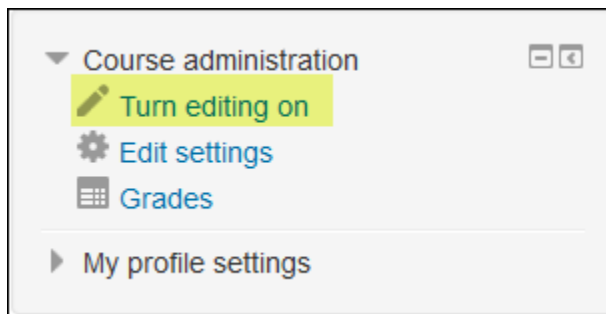

To add additional content such as videos, articles, checklists etc. you have to first request that Investit sets up the 'Additional Content' feature for your office which adds course manager privileges.

To modify an additional course for your office or organization you will need to have course manager privileges.

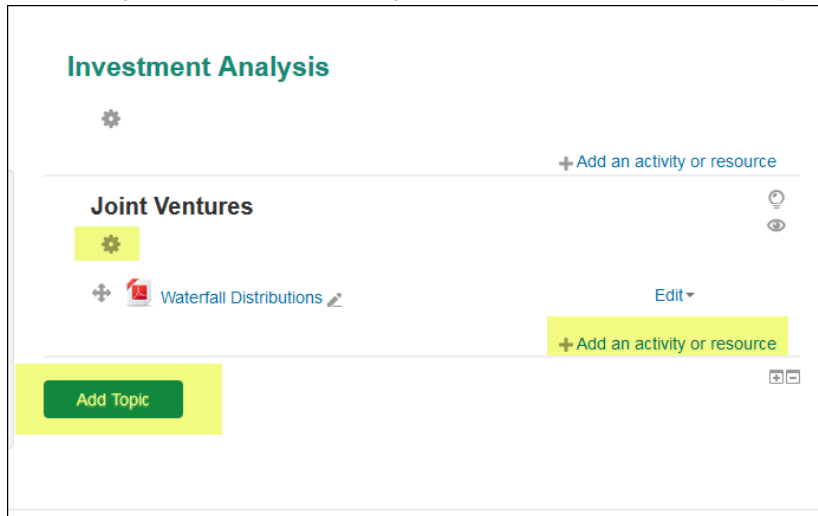

To setup or edit a course you must first select the course from the menu in the upper left corner. You will need to click on the down arrow to left of courses to bring up the list of courses.

Courses are divided into 1 or more Topics and each Topic can have 1 or more resources or content. To manage Topics you will need to Turn editing on from the Course administration menu. The edit settings applies to the course level settings.

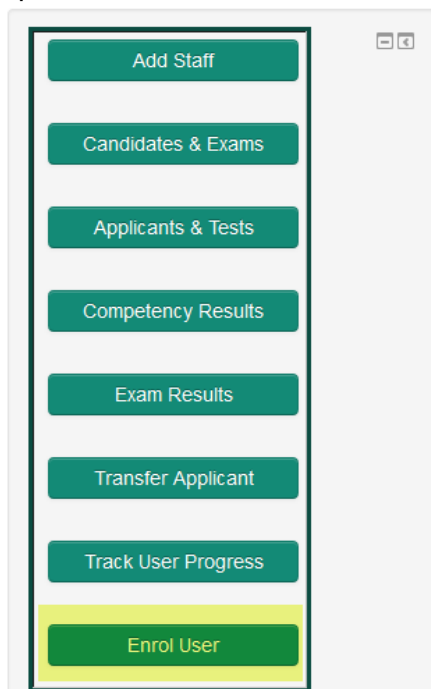

Once editing is enabled the course screen will change to show various editing options. The gear highlighted below the Joint Ventures topic will allow you to change the name of the topic. Add an activity or resource is how you add actual content to a topic.

Enrolling Users in Additional Courses

All new users whether they are managers or applicants will need to be enrolled in any additional courses available to your office. To enroll a user in an Additional Course, select the Enroll User option from the Action Menu.

First select the appropriate office from the drop-down box. Then select the appropriate course from the drop-down box. Then click the check boxes next to the appropriate users you wish to enroll in the course or click select all to enroll everyone. Then click on the Enroll All Selected button.
